EVENTS GUIDE

An important update from founder Amos Farrell

At GCR we continue to search out the best available radio teachers and evangelists for the Lord's work.

Todd Friel

Samson Jebutu

We aim to give you the best and most relevant Bible teaching for you today, in the fast changing days we live in.

We have made several changes to our schedule, with some new programmes and time changes. New to the line-up is Pastor Samson Jebutu, from Moments of Truth Ministries in North London. He is a prolific teacher of Scripture and gifted with an expository approach to Bible teaching and preaching.

Todd Friel has one of the most popular Christian TV and radio shows in the States. Todd studied to be a pastor for four years but neglected to actually get saved. He abandoned church ministry plans and did secular TV, radio and stand-up comedy for six years.

But God then saved him! So now Todd aims to help you navigate through this post-modern world using the Lord's word, in a unique and fresh style using his wit, humour and common sense while sharing sound, biblical truths.

Other new programmes include 'The Invisible War' with Pastor Rob Randall, and 'Messianic Perspectives' which is one of three programmes from Messianic believers. We are also privileged to host the '66 Books' ministry with Victor Robert Farrell and 'Olive Tree' with the very popular Julia Fisher.
