When Christians Disagree
GOD'S DISUNITED KINGDOM

Our aim is to see families and friends, young and old, experience the freedom that comes through worshipping Jesus Biblically; to discover the gifts and talents that they may not even be aware of; for everyone to meet with God in a way that is just right for them; *to experience unity despite our differences.*

In John 15 the branches are *disciples*, not denominations and they get their unity from the **True Vine**, not from each other. We can't 'achieve' Christian unity, but we are commanded to 'maintain' it. We do this by 'abiding' in Jesus, not by compromising truth and singing 'All you need is love'. Grieved and frustrated by divided churches, fractured friendships, maimed mission? Join us as we explore the true life of the **True Vine**....

FAITH

FREEDOM

Foundations 14 will be a completely new experience for all of us. Working with the unique benefits of our virtual landscape – including elements impossible in a residential conference – we will be presenting an immersive environment of learning and sharing together, breaking the usual Greek mould and worshipping God in Spirit and Truth, Biblically. Prepare to be challenged like never before ...
